Assembly diagram for the front of the device. It shows two yellow L-shaped components, A7 and A8, being joined by screws A45 and A44. A callout box shows a close-up of the screw A44 being inserted into a hole in A8. The front view of the assembled unit is shown on the right, with a label 'Front' and a small 'e' icon. A label 'A32' points to a small component on the front view.

Technical drawing of the rear suspension assembly for the Sd.Kfz. 250/11. The drawing shows various components labeled A40, A47, A28, A29, A31, A43, A42, and A40. It includes exploded views of the rear axle assembly, showing the connection of the axle housing, axle, and suspension components. Dimensions like Ø 0.5 are indicated for some parts. The text "Only fit for Sd.Kfz. 250/11" is present at the bottom right.

A yellow and white line drawing of a motorized transport unit. It features a yellow engine block with a black handle on top. A long, white horizontal shaft extends from the engine, ending in a yellow pulley. A black handle is attached to the shaft. The unit is mounted on two large, white, treaded wheels. A black cable is connected to the side of the engine. In the bottom right corner, there are three yellow rectangular components, possibly fuel tanks or storage containers, each with a black handle and a black cable.
